Dear Killian

I refer to the Amendment and Submissions Reports for the New England Solar Farm (SSD-9255). After careful consideration, the Department is requesting that you provide additional information to address the following:

- confirm the size and location of the proposed new Subdivision and residual lots and provide a Subdivision Plan showing the location of the subdivision(s); and
- confirm if the proposed works within the adjacent Main Northern Railway corridor form part of the current application and if so, an assessment of the impacts of these works.

You are requested to provide the information, or notification that the information will not be provided, to the Department by **Monday 19 August 2019**. If you are unable to provide the requested information within this timeframe, you are requested to provide, and commit to, a timeframe detailing the provision of this information.
