Hi Nicholas & Elspeth,

As part of our SSDA for the New Liverpool Primary School development, we are required to consult with SES on our Flood Emergency Response Plan, so I have reattached this for your review and consideration. Please let me know if you have any queries or would like us to arrange a time with our Flood Management consultant to discuss further.

Regards,

Hi Stephanie

I don't actually have a role in Planning with NSW SES.
I have cc'ed into this email the appropriate contacts for you on this work,

Thanks
Sally

Hi Sally,

I am emailing with regards to a new primary school development located in Liverpool NSW, for which we have prepared a Flood Emergency Response Plan. As we are currently awaiting the approval of the SSDA for this project, could you please clarify whether consultation with yourself / SES is required prior to the approval of our SSDA?

I have attached the Flood Emergency Response Plan we have prepared, for your review should this be required.

Please contact me if you have any questions.

Regards,
