**Subject: Request for Further Information, Sydney Football Stadium Redevelopment Stage 2 Modification 7**

Dear Ms Shires

I refer to the assessment of the application for modification 7 of the SSD approval for the Sydney Football Stadium Redevelopment Stage 2 Works (SSD-9835-Mod-7) for the proposed Precinct Village and multi-level carpark.

The Department requires additional information confirming any revisions to the staging of the proposed future works and the precinct wide parking supply in an amended staging report and parking strategy. The report and strategy must provide justification for any changes proposed to the timing of the delivery of parking as exhibited in the original modification report, the total number of parking spaces proposed for users of the stadium at any one time and any change to the previous commitments given by Venues NSW regarding the removal of on-grass event car parking at Moore Park. Consideration is also to be given to the adequacy of original Transport Assessment provided with the modification application and whether it needs to be updated to reflect any revised parking delivery strategy.

Please provide the information by **Wednesday 27 April 2022**. If you cannot meet this deadline, please advise and commit to an alternative timeframe for providing this information.

If you have any questions, please contact Megan Fu on (02) 9274 6531 or at [megan.fu@planning.nsw.gov.au](mailto:megan.fu@planning.nsw.gov.au).

Yours sincerely
