Dear Mr Irwin,

**Roberts Road Quarry Modification 4 (DA 267-11-99-Mod-4)
Request for Additional Information**

I refer to the EPA's comments on Hodgson's response to the Department's request for additional information dated 24 June 2020 (see Attachment 1). The has EPA raised concerns regarding the predicted annual average PM2.5 (cumulative) ground level concentrations, which are significantly above the EPA impact assessment criteria. The matter was previously raised by the EPA in its response to Submissions Report in March 2020 and in a teleconference between Hodgson and the EPA on 15 July 2020.

You are requested to provide additional information that addresses the matters raised by the EPA in Attachment 1 and that were discussed at the teleconference.

The Department requests that you provide this information by **Friday 11 September 2020**. If you are unable to provide the requested information within the timeframe, you are requested to provide, and commit to, a timeframe detailing the provision of this information.

If you have any enquiries on this matter, please contact me on the details listed above.

Yours sincerely,

Colin Phillips
Team Leader
Resource Assessments (Coal & Quarries)
