

15 January 2020

Ms Megan Fu,
Principal Planning Office
Department of Planning Industry and Environment
320 Pitt Street
SYDNEY NSW 2000

Dear Megan,

SSD10339 Prince of Wales Hospital – Integrated Acute Services Building - Health Infrastructure ESD Guideline and Evaluation Tool

In accordance with Condition B8(b) of SSD 10339, HI is seeking approval from the Planning Secretary that the attached Draft DGN and Evaluation Tool satisfies the criteria for an alternative ESD certification process.

The DGN and Evaluation Tool are provided in draft form until the DGN is finalised and the Health Engineering Services Guidelines are incorporated into the next update of the Health Services Engineering Guidelines.

If you have any questions relating to the attached documents, please do not hesitate to contact Claire Muir .

Yours sincerely

Claire Muir

Planning Advisor
