Subject: submission re Da for Incitec
CC: "aligeoff4@hotmail.com" <aligeoff4@hotmail.com>

Dear Sir or Madam,

I Alison McQueen of 9 Cardigan Street Stockton NSW 2295 would like to make the following submission regarding

DA SSD-4986

I object to the proposal for the following reasons:

1. The environmental impact has not been adequately studied or conveyed to the residents who would be affected by an adverse incident
2. Air quality monitoring is inadequate currently
3. Regulation of current manufacturing facilities including Orica has been inadequate and substandard therefore a second facility is unlawful
4. My children were medically affected by the Orica chromion 6 leak and it was near impossible to get admission from Orica for responsibility and local GPs had no knowledge so again this proves regulation of the industry is inadequate
5. Current traffic conditions of Kooragang island are inadequate and do not support further development

I do not give permission for my details to be published on your website or given to a third party. I can be contacted on email aligeoff4@hotmail.com for further information

Regards
Alison
