Att'n: Mr Nick Hall

Dear Sir,

REF: SUBMISSION Re PROJECT APPLICATION NUMBER SSD-4986

My name is Vincent Murray of 8 Rankin Road Fern Bay NSW 2295 and I OBJECT to the above proposal and my reasons being as follows:-

National Security is threatened with a storage of 21,500 tonnes of Ammonia Nitrate on sites of Orica and Incitec Pivot on Kooragang Island.

With possible nearby storage of fuel together with gas storage for export this could be a target for terrorism.

The close proximity of two plants producing industrial explosives side by side less than a kilometre from residents constitutes an unacceptable risk with a possible devastation effect the likes of which Australia has never experienced.

Yours faithfully,

Vincent Murray
