To whom it may concern, I am writing
in regards to the ammonium nitrate
plant, on Keoragang Island Project
no 550-4986. I strongly object
to this plant going ahead. I have a
niece, who has called The Stockton
Centre, home for over 40 years, &
visit regularly. The staff & clients
in this facility, want the fresh, clean
air which is enjoyed at the moment.
What a disaster this plant would
be if given approval to the
environment, eg. River pollution etc etc.

Yours Sincerely
Lyn Parry
