The Director  
Resource Assessments  
Department of Planning & Environment  
GPO Box 39  
SYDNEY NSW 2001

Sent by email: [genevieve.seed@planning.nsw.gov.au](mailto:genevieve.seed@planning.nsw.gov.au)

Dear Sir / Madam

**Re: Cudgen Lakes Sand Quarry – Project Approval 05\_0103  
Modification Applications MOD2 and MOD3**

On behalf of Gales-Kingscliff Pty Ltd (Gales), I am writing to request that the Department consider Gales current 'MOD3' modification application as part of their 'MOD2' application (submitted under S75W of the *Environmental Planning and Assessment Act 1979*).

We have become aware that the Tweed Sand Quarry 'MOD1' application has recently been determined. As the Department is aware, that application was closely linked to Gales MOD3 application. As such, we believe sufficient information is now available to finalise and determine Gales MOD3 application.

However, we are also currently finalising with Gales the Response to Submissions for the MOD2 application. Given this timing, rather than having two sets of changes to the Project Approval in such a short time period, it seems more efficient to incorporate the response to the MOD3 application as part of the Response to Submissions for MOD2 and for the Department to consider both applications together.

If the Department accepts this approach, we propose to supply the Response to Submissions addressing the components of both MOD2 and MOD3 by Friday 14 September 2018.

Should you have any questions or wish to discuss the above, please don't hesitate to contact me on 07 3205 5400.

We look forward to the Department's confirmation of this approach.

Yours sincerely

Scott Hollamby  
Senior Environmental Consultant
