## 8. Supporting document

You must attach a Supporting Document (hard and soft copy) that includes the following information:

- (1) Site details: Provide high-quality aerial photographs, maps or figures that clearly depict the following:
  - the local and regional context of the proposal,
  - surrounding development and any potentially affected properties,
  - the location of key infrastructure and environmental features
- (2) Development description: Provide a clear and concise summary of the proposal that describes the types of activities that will be undertaken during each stage of the development.
- (3) Permissibility and Strategic Planning: Identify the strategic planning documents, environmental planning instruments and key development standards applying to the development, including any development standards not being met.
- (4) Preliminary environmental impact assessment: Identify and prioritise the expected environmental impacts (positive and negative) associated with the development, based on a preliminary risk assessment. Briefly outline any strategies to address the impacts identified.
- (5) Justification: Explain why the site was chosen for the proposal and briefly discuss the alternatives considered. Outline the strategic context for the proposal, including the benefits to the region and/or State.
- (6) Consultation: Outline any consultation (with the community, local councils, other Government agencies) already undertaken and proposed to be carried out for the proposal.
- (7) Capital investment value: Provide an accurate estimate of the cost of carrying out the proposal. If your proposal is identified as State significant by a capital investment value threshold in Schedule 1 or 2 of the SRD SEPP, a quantity surveyor's report confirming the capital investment value of the development is required.

NB: The file(s) comprising your supporting document must be in "pdf" format, non-secured and no more than 10Mb

If the supporting document does not contain sufficient information, the Department may request that it is revised prior to issuing the DGRs.
