Andrew Schweitzer, of Cristal Mining, made the following submission on the project:

Atlas-Campaspe Mineral Sands Project

Supports this project

Having visited the Balranald district on many occasions, the proposed mine will inject life into community, through investment in the local economy and employment for locals. As the newly appointed Compliance Officer for Cristal Mining's Murray Basin division, I am acutely aware of the lengths that my employer goes to in reducing any unnecessary environmental harm.

I support the application and wish Cristal Mining and the Balranald community a prosperous and harmonious relationship.
