Leone,

as the proposed development is some distance from the rail corridor we have no issues.

Regards

Jim Tsirimiagos

Subject: St George Hospital Emergency Department (ED)

Dear Jim,

As discussed, I have attached a site plan identifying the location of the new ED within the hospital site as well as a drawing indicating the location in a broader context. I have also spoken to Angela Mallock from Transport for NSW.

The new ED will replace the existing facility located on Kensington and will be slightly expanded in capacity. It is a part single storey and part 2 storey facility. Here is the link to additional information from DOPIs website.

http://majorprojects.planning.nsw.gov.au/page/development-categories/health---public-service/hospitals/?action=view_job&job_id=5029

Please let me know if you need anything else. I look forward to hearing from you soon.

Cheers

Leone
