Moorebank Intermodal Terminal Response to Submissions Report

Volume 2

May 2015

**PARSONS
BRINCKERHOFF**

Contents of the Response to Submissions Report

VOLUME 1

Glossary and abbreviations
Executive summary
Chapter 1 – Introduction
Chapter 2 – Assessment of the issues raised by the NSW Planning Assessment Commission
Chapter 3 – Consultation
Chapter 4 – Overview of submissions
Chapter 5 – Response to government agency submissions
Chapter 6 – Response to community submissions
Chapter 7 – Proposed amendments to the development
Chapter 8 – Additional technical investigations since EIS
Chapter 9 – Revised environmental management measures
Chapter 10 – Conclusion

VOLUME 2

Appendix A – Index of Submissions
Appendix B – Response to Council Submissions
Appendix C – Biodiversity Offset Strategy
Appendix D – Visual and Urban Design Assessment

VOLUME 3

Appendix E – Traffic and Transport Impact Assessment

VOLUME 4

Appendix F – Noise and Vibration Assessment
Appendix G – Local Air Quality Assessment
Appendix H – Health Impact Assessment and Human Health Risk Assessment
Appendix I – Aboriginal Scar Tree Assessment
Appendix J – Cultural Heritage Report
Appendix K – Cultural Heritage Archival Recordings

Appendix A Index of Submissions

Table A1.1 Table of issues per community submission and section addressed in Submissions Report

Sub. no	DP&W Website Submission Number	Submitter	Key issue	Sub-issue	Section of Submissions Report
1	115425	Community member	Traffic, transport and access	Impacts on local roads	6.6.1
			Traffic, transport and access	Traffic impacts – general	6.6.19
2	110955	Community member	Project alternatives	Alternative location for IMT – general	6.4.1
			Traffic, transport and access	Traffic impacts – general	6.6.19
			General	Pollution – general	6.20
3	111207	Community member	Traffic, transport and access	Impacts on local roads	6.6.1
			Traffic, transport and access	Traffic impacts on the M5 Motorway	6.6.2
			Hydrology, groundwater and water quality	Flooding impacts	6.10.1
4	111209	Community member	Noise and vibration impacts	Noise impacts from IMT operations	6.7.3
			Local and regional air quality	Air quality impacts – general	6.11.1
			Traffic, transport and access	Impacts on the Hume Highway	6.6.3
			Human health risks and impacts	Health impacts on the community	6.17.1
			Greenhouse gas	Carbon footprint of proposal	6.12.1
			Hydrology, groundwater and water quality	Impacts on Georges River	6.10.2
			Biodiversity	Impacts on flora and fauna	6.8.1
			Land use and property	Impact on public open space/community facilities	6.15.1
5	111302	Community member	Traffic, transport and access	Traffic impacts – general	6.6.19
			Noise and vibration impacts	Noise impacts – general	6.7.1
			Local and regional air quality	Air quality impacts – general	6.11.1
			Project alternatives	Alternative site at Badgerys Creek	6.4.1
6	111298	Community member	Same as submission 5		Refer to submission no. 5
7	111304	Community member	Project alternatives	Alternative location for IMT – general	6.4.1
			Project alternatives	Alternative site at Badgerys Creek	6.4.1
			Traffic, transport and access	Impacts on local roads	6.6.1
8	111308	Community member	Land use and property	Impacts on Georges River	6.15.2
9	115387	Community member	Local and regional air quality	Existing ambient air quality	6.11.2
			Local and regional air quality	Air quality impacts – general	6.11.1
			Human health risks and impacts	Air quality impacts on human health	6.17.2
			Human health risks and impacts	Health impacts on the community	6.17.1
			Biodiversity	Impacts on flora and fauna	6.8.1
			Project development phasing and construction	Concerns regarding construction period	6.5.2
			Land use and property	Property values	6.15.3
			General	Crime issues associated with IMTs	6.20
			Project alternatives	Alternative uses for the SME site	6.4.3
			Noise and vibration impacts	Noise impacts – general	6.7.1
10	115373	Community member	Traffic, transport and access	Impacts on local roads	6.6.1
			Traffic, transport and access	Adequacy of traffic assessment	6.6.15
			Traffic, transport and access	Traffic impacts – general	6.6.19
			Human health risks and impacts	Air quality impacts on human health	6.17.2
			Noise and vibration impacts	Noise impacts – general	6.7.1
			Project alternatives	Suitability of IMT at Moorebank site	6.4.2
			Strategic context and need for the Project	Local community benefits	6.1.1

Sub. no	DP&W Website Submission Number	Submitter	Key issue	Sub-issue	Section of Submissions Report
11	115385	Community member	Traffic, transport and access	Traffic impacts – general	6.6.19
			Traffic, transport and access	Traffic congestion	6.6.4
			General	Pollution – general	6.20
			Noise and vibration impacts	Noise impacts – general	6.7.1
12	112136	Community member	General	General comment only	6.20
(Form letter #1)	112174	Community member	Traffic, transport and access	Traffic congestion	6.6.4
			Traffic, transport and access	Adequacy of traffic assessment	6.6.15
			Traffic, transport and access	Traffic safety issues	6.6.5
			Noise and vibration impacts	Noise impacts at night	6.7.2
			Noise and vibration impacts	Noise impacts from IMT operations	6.7.3
			Noise and vibration impacts	Wheel squeal	6.7.4
			Local and regional air quality	Diesel fumes/emissions	6.11.3
			Local and regional air quality	Air quality impacts on human health	6.11.4
			Local and regional air quality	Dust and odour during construction	6.11.5
			Human health risks and impacts	Health impacts on the community	6.17.1
			Aboriginal and European heritage	Impacts on heritage sites	6.13.1
			Project alternatives	Suitability of IMT at Moorebank site	6.4.2
			Project alternatives	Alternative site at Badgerys Creek	6.4.1
			Project alternatives	Confusion over combined proposal for SIMTA and Moorebank IMT	6.4.4
			Land use and property	Property values	6.15.3
			Biodiversity	Impacts on flora and fauna	6.8.1
			Biodiversity	Impacts on Georges River	6.8.2
Cumulative impacts	Adequacy of cumulative assessment	6.19.1			
14	112176	Community member	Form letter #1		Refer to submission no. 13
15	112181	Community member	Form letter #1		Refer to submission no. 13
16	112199	Community member	Traffic, transport and access	Traffic congestion	6.6.4
			Local and regional air quality	Air quality impacts on human health	6.11.4
			Human health risks and impacts	Health impacts on the community	6.17.1
			Project alternatives	Alternative site at Badgerys Creek	6.4.1
17	112202	Community member	Form letter #1		Refer to submission no. 13
18	112204	Community member	Traffic, transport and access	Traffic congestion	6.6.4
			General	Pollution – general	6.20
			Project alternatives	Suitability of IMT at Moorebank site	6.4.2
19	112206	Community member	Form letter #1		Refer to submission no. 13
20	112210	Community member	Form letter #1		Refer to submission no. 13
21	112212	Community member	Form letter #1		Refer to submission no. 13
22	112214	Community member	Form letter #1		Refer to submission no. 13
23	112222	Community member	Traffic, transport and access	Traffic congestion	6.6.4
			Human health risks and impacts	Health impacts on the community	6.17.1
24	115427	Community member	Form letter #1		Refer to submission no. 13

Sub. no	DP&W Website Submission Number	Submitter	Key issue	Sub-issue	Section of Submissions Report
25	112238	Community member	Project alternatives	Suitability of IMT at Moorebank site	6.4.2
			Project alternatives	Alternative site at Badgerys Creek	6.4.1
			Project alternatives	Capacity of the SSFL	6.4.7
			Project alternatives	Capacity restrictions for SIMTA proposal	6.4.5
			Strategic context and need for the Project	Container destinations and freight demands	6.1.3
			Strategic context and need for the Project	Funding of infrastructure upgrades	6.1.5
			Traffic, transport and access	Traffic impacts on Moorebank Avenue/M5 Motorway intersection	6.6.6
			Local and regional air quality	Adequacy of air assessment	6.11.6
			Local and regional air quality	Air quality impacts – general	6.11.1
			Noise and vibration impacts	Noise impacts at night	6.7.2
26	112251	Community member	Form letter #1		Refer to submission no. 13
27	112257	Community member	Form letter #1		Refer to submission no. 13
28	112259	Community member	Form letter #1		Refer to submission no. 13
29	112263	Community member	Form letter #1		Refer to submission no. 13
30	112265	Community member	Form letter #1		Refer to submission no. 13
31	112269	Community member	Traffic, transport and access	Traffic impacts as a result of trucks	6.6.7
			Traffic, transport and access	Traffic congestion	6.6.4
32	112302	Community member	Form letter #1		Refer to submission no. 13
33	112304	Community member	Form letter #1		Refer to submission no. 13
34	112315	Community member	Human health risks and impacts	Health impacts on the community	6.17.1
35	112317	Community member	Form letter #1		Refer to submission no. 13
36	112325	Community member	Local and regional air quality	Air quality impacts – general	6.11.1
			Human health risks and impacts	Human health impacts – general	
			Traffic, transport and access	Traffic impacts – general	6.6.19
			Noise and vibration impacts	Noise impacts – general	6.7.1
37	112349	Community member	Form letter #1		Refer to submission no. 13
			Project alternatives	Capacity restrictions for SIMTA proposal	6.4.5
			Strategic context and need for the Project	Container destinations and freight demands	6.1.3
38	112364	Community member	Form letter #1		Refer to submission no. 13
39	112388	Community member	Form letter #1		Refer to submission no. 13
40	112399	Community member	Traffic, transport and access	Traffic congestion	6.6.4
			Local and regional air quality	Diesel fumes/emissions	6.11.3
			Local and regional air quality	Air quality impacts on human health	6.11.4
			Project alternatives	Suitability of IMT at Moorebank site	6.4.2
			Project alternatives	Alternative site at Badgerys Creek	6.4.1
41	112413	Community member	Form letter #1		Refer to submission no. 13
	112885		Noise and vibration impacts	Impacts on surrounding suburbs and further afield	6.7.9
	113738		Strategic context and need for the Project	Funding of infrastructure upgrades	6.1.5
			Strategic context and need for the Project	Container destinations and freight demands	6.1.3
42	115369	Community member	Form letter #1		Refer to submission no. 13
			Local and regional air quality	Existing ambient air quality	6.11.2

Sub. no	DP&W Website Submission Number	Submitter	Key issue	Sub-issue	Section of Submissions Report
43	113018	Community member	Noise and vibration impacts	Noise impacts at night	6.7.2
			Noise and vibration impacts	Adequacy of noise assessment	6.7.5
			Noise and vibration impacts	Accuracy and adequacy of identifying/locating sensitive receptors	6.7.6
			Noise and vibration impacts	Wheel squeal	6.7.4
			Noise and vibration impacts	Noise impacts from IMT operations	6.7.3
			Noise and vibration impacts	Adequacy and feasibility of mitigations	6.7.7
			Project alternatives	Capacity restrictions for SIMTA proposal	6.4.5
44	112481	Community member	Project alternatives	Alternative site at Badgerys Creek	6.4.1
45	112512	Liverpool City Youth Council	Land use and property	Impacts on Georges River	6.15.2
			Noise and vibration impacts	Noise impacts – general	6.7.1
			Local and regional air quality	Air quality impacts – general	6.11.1
			Visual and urban design	Visual impact of IMT	6.14.2
			Project alternatives	Alternative site at Badgerys Creek	6.4.1
46	112524	Community member	Project alternatives	Alternative site at Badgerys Creek	6.4.1
			Hydrology, groundwater and water quality	Impacts on Georges River	6.10.2
47	112529	Community member	Form letter #1		Refer to submission no. 13
48	112533	Community member	Human health risks and impacts	Air quality impacts on human health	6.17.2
49	112535	Community member	Form letter #1		Refer to submission no. 13
50	112539	Community member	Traffic, transport and access	Traffic congestion	6.6.4
			General	General concern regarding IMT	6.20
51	112543	Community member	Project alternatives	Suitability of IMT at Moorebank site	6.4.2
			Project alternatives	Alternative site at Badgerys Creek	6.4.1
			Biodiversity	Impacts on flora and fauna	6.8.1
			Traffic, transport and access	Traffic impacts on the M5 Motorway	6.6.2
			Hydrology, groundwater and water quality	Impacts on Georges River	6.10.2
52	112545	Community member	Traffic, transport and access	Traffic impacts – general	6.6.19
			General	Pollution – general	6.20
			Project alternatives	Alternative site at Badgerys Creek	6.4.1
53	112547	Community member	Project alternatives	Alternative location for IMT – general	6.4.1
			Project alternatives	Alternative location at Mittagong	6.4.1
54	112549	Community member	Traffic, transport and access	Traffic impacts on the M5 Motorway	6.6.2
			Project alternatives	Alternative site at Badgerys Creek	6.4.1
55	112551	Community member	Traffic, transport and access	Impact on travel times	6.6.8
			Social and economic impacts	Social impacts from increased travel times	6.16.1
56	112555	Community member	Project alternatives	Alternative site at Badgerys Creek	6.4.1
			Traffic, transport and access	Traffic impacts – general	6.6.19
			Noise and vibration impacts	Noise impacts – general	6.7.1
			Local and regional air quality	Air quality impacts – general	6.11.1
57	112557	Community member	Project alternatives	Alternative site at Badgerys Creek	6.4.1
			General	General concern about impact on Moorebank lifestyle and environment	6.20
58	112559	Community member	Traffic, transport and access	Traffic congestion	6.6.4
			Traffic, transport and access	Traffic impacts as a result of trucks	6.6.7

Sub. no	DP&W Website Submission Number	Submitter	Key issue	Sub-issue	Section of Submissions Report
59	112561	Community member	Project alternatives	Alternative site at Badgerys Creek	6.4.1
			Human health risks and impacts	Air quality impacts on human health	6.17.2
			Local and regional air quality	Air quality impacts – general	6.11.1
			Noise and vibration impacts	Noise impacts – general	6.7.1
			Traffic, transport and access	Traffic impacts – general	6.6.19
60	112563	Community member	Project alternatives	Alternative site at Badgerys Creek	6.4.1
			Project alternatives	Suitability of IMT at Moorebank site	6.4.2
			Traffic, transport and access	Traffic congestion	6.6.4
			Traffic, transport and access	Adequacy of traffic assessment	6.6.15
			Traffic, transport and access	Traffic safety issues	6.6.5
			Noise and vibration impacts	Noise impacts from IMT operations	6.7.3
			Noise and vibration impacts	Wheel squeal	6.7.4
			Local and regional air quality	Diesel fumes/emissions	6.11.3
			Local and regional air quality	Air quality impacts on human health	6.11.4
61	112566	Community member	Human health risks and impacts	Health impacts on the community	6.17.1
			General	General concern regarding long term planning for Sydney basin	6.20
62	112568	Community member	Human health risks and impacts	Health impacts on the community	6.17.1
			Project alternatives	Suitability of IMT at Moorebank site	6.4.2
63	112570	Community member	Traffic, transport and access	Traffic impacts as a result of trucks	6.6.7
64	112572	Community member	Project alternatives	Suitability of IMT at Moorebank site	6.4.2
			Project alternatives	Alternative site at Badgerys Creek	6.4.1
65	112576	Community member	General	General concern about impact on Moorebank lifestyle and environment	6.20
			Traffic, transport and access	Traffic congestion	6.6.4
			Local and regional air quality	Air quality impacts – general	6.11.1
			Visual and urban design	Light impacts	6.14.1
			Land use and property	Property values	6.15.3
			Project alternatives	Alternative site at Badgerys Creek	6.4.1
66	112580	Community member	Project alternatives	Suitability of IMT at Moorebank site	6.4.2
67	112582	Community member	Traffic, transport and access	Traffic impacts as a result of trucks	6.6.7
			Traffic, transport and access	Traffic congestion	6.6.4
68	112584	Community member	Traffic, transport and access	Traffic congestion	6.6.4
			General	Pollution – general	6.20
69	112597	Community member	Project alternatives	Alternative site at Badgerys Creek	6.4.1
			Project alternatives	Alternative uses for the SME site	6.4.3
70	112601	Community member	General	General concern regarding IMT	6.20
			Social and economic impacts	Impact on children getting to school	6.16.2
			Human health risks and impacts	Health impacts on the community	6.17.1
			Project alternatives	Alternative site at Badgerys Creek	6.4.1
71	112661	Community member	Project alternatives	Suitability of IMT at Moorebank site	6.4.2
			Project alternatives	Alternative site at Badgerys Creek	6.4.1
			Traffic, transport and access	Traffic impacts on emergency services	6.6.9
			Traffic, transport and access	Traffic congestion	6.6.4
72	112667	Community member	Traffic, transport and access	Traffic impacts on the M5 Motorway	6.6.2
73	112669	Community member	Traffic, transport and access	Traffic impacts – general	6.6.19
			Project alternatives	Alternative site at Badgerys Creek	6.4.1

Sub. no	DP&W Website Submission Number	Submitter	Key issue	Sub-issue	Section of Submissions Report
74	112679	Community member	Traffic, transport and access	Traffic congestion	6.6.4
			Noise and vibration impacts	Noise impacts – general	6.7.1
			General	Pollution – general	6.20
75	112701	Community member	General	General concern about impact on Moorebank lifestyle and environment	6.20
			Traffic, transport and access	Traffic congestion	6.6.4
			Traffic, transport and access	Traffic impacts on the M5 Motorway	6.6.2
			Traffic, transport and access	Traffic impacts on the M7 Motorway	6.6.10
			Project alternatives	Suitability of IMT at Moorebank site	6.4.2
76	112706	Community member	Project alternatives	Alternative site at Badgerys Creek	6.4.1
77	112712	Community member	Traffic, transport and access	Traffic congestion	6.6.4
			Traffic, transport and access	Adequacy of traffic assessment	6.6.15
			Traffic, transport and access	Traffic safety issues	6.6.5
			Project alternatives	Alternative site at Badgerys Creek	6.4.1
78	112722	Community member	Project alternatives	Suitability of IMT at Moorebank site	6.4.2
			Project alternatives	Alternative site at Badgerys Creek	6.4.1
			Traffic, transport and access	Traffic safety issues	6.6.5
79	112738	Community member	Human health risks and impacts	Health impacts on the community	6.17.1
			Project alternatives	Suitability of IMT at Moorebank site	6.4.2
80	115377	Community member	Form letter #1		Refer to submission no. 13
81	115383	Community member	Local and regional air quality	Existing ambient air quality	6.11.2
			Traffic, transport and access	Adequacy of traffic assessment	6.6.15
			Traffic, transport and access	Traffic impacts on the M5 Motorway	6.6.2
			Traffic, transport and access	Traffic impacts on the M7 Motorway	6.6.10
			Traffic, transport and access	Impacts on the Hume Highway	6.6.3
			Traffic, transport and access	Traffic impacts – general	6.6.19
			Traffic, transport and access	Traffic impacts on emergency services	6.6.9
			Project alternatives	Alternative site at Eastern Creek	6.4.1
			Project alternatives	Alternative site at Badgerys Creek	6.4.1
			Project alternatives	Alternative uses for the SME site	6.4.3
			Human health risks and impacts	Air quality impacts on human health	6.17.2
82	115381	Community member	Form letter #1		Refer to submission no. 13
83	115371	Community member	Form letter #1		Refer to submission no. 13
84	112766	Community member	Project alternatives	Alternative site at Badgerys Creek	6.4.1
85	112774	Community member	Human health risks and impacts	Health impacts on the community	6.17.1
			Traffic, transport and access	Traffic congestion	6.6.4
			Project alternatives	Suitability of IMT at Moorebank site	6.4.2
			Project alternatives	Alternative site at Badgerys Creek	6.4.1
86	112788	Community member	Noise and vibration impacts	Noise impacts during the day for people needing to sleep	6.7.8
87	112794	Community member	Project alternatives	Suitability of IMT at Moorebank site	6.4.2
			Project alternatives	Alternative site at Badgerys Creek	6.4.1
			Noise and vibration impacts	Noise impacts – general	6.7.1
			Local and regional air quality	Air quality impacts – general	6.11.1
			Human health risks and impacts	Health impacts on the community	6.17.1
			Land use and property	Impact on public open space/community facilities	6.15.1
88	112798	Community member	Biodiversity	Impacts on flora and fauna	6.8.1
88	112798	Community member	Project alternatives	Alternative site at Badgerys Creek	6.4.1
89	112804	Community member	Project alternatives	Alternative site at Badgerys Creek	6.4.1

Sub. no	DP&W Website Submission Number	Submitter	Key issue	Sub-issue	Section of Submissions Report
90	112808	Community member	Traffic, transport and access	Impacts on local roads	6.6.1
			Traffic, transport and access	Impacts on public transport/opportunities for improvements	6.6.11
			Traffic, transport and access	Timing of traffic surveys and peaks	6.6.12
			Traffic, transport and access	Traffic congestion	6.6.4
			Traffic, transport and access	Restriction on southbound heavy vehicle movements during construction	6.6.13
91	112810	Community member	Project alternatives	Suitability of IMT at Moorebank site	6.4.2
			Project alternatives	Alternative site at Badgerys Creek	6.4.1
			Local and regional air quality	Air quality impacts on human health	6.11.4
			Noise and vibration impacts	Noise impacts from IMT operations	6.7.3
92	112843	Community member	Land use and property	Impacts on Georges River	6.15.2
			Project alternatives	Alternative site at Badgerys Creek	6.4.1
