Dear Mr Beattie,

RE: Notification Modification Request to Moorebank intermodal Terminal Stage I (Early Works)

Thank you for your letter dated 6 July 2016 regarding the abovementioned proposal, requesting comments from the Heritage Division.

The documentation has been reviewed and it is considered that as long as the modification is in accordance with the recommendations made within "Moorebank Precinct West Intermodal Terminal Facility Modification – Non-Aboriginal (Historical) Heritage Assessment SIMTA – Sydney Intermodal Terminal Alliance Part 4, Division 4.1, State Significant Development" prepared by ARCADIS Design & Consultancy for natural and built assets dated June 2016, no objection is raised.

It is, however, recommended that the following condition be included in any approval:

If historical archaeological deposits or Aboriginal objects are discovered during works, work must immediately cease in the affected area(s) and a suitably qualified and experienced archaeologist must be contacted to assess the finds. Additional assessment and approval may be required prior to works continuing in the affected area(s) based on the nature of the discovery.

If you have any further enquiries regarding this matter, please contact Bronwyn Smith, Heritage Planning Officer, Heritage Division, Office of Environment and Heritage, on (02) 9873-8604 or via email to Bronwyn.smith@environment.nsw.gov.au.

Yours sincerely
