Notes:

Heritage NSW has reviewed the "Mandalong Mine Modification report for modification to development consent SSD-5144" (October 2021) with specific regard to Appendix D "MODIFICATION 10 – ADDITION OF LONGWALL 34, MANDALONG MINE Aboriginal Cultural Heritage Assessment FINAL September 2021" (ACHA) and notes a number of omissions in that ACHA regarding the consultation process with the project Registered Aboriginal Stakeholders. Specifically, Sections 8.2 and 10.1 of the ACHA which refer to documentation not provided.

Heritage NSW requires that a revised ACHA with all relevant information be provided prior to us being able to provide final comment.
