**M1 MOTORWAY (M1): MANDALONG SOUTHERN EXTENSION PROJECT – MODIFICATION 3
– SSD 5144 MOD 3**

I refer to your email dated 5 October 2016 regard in Centennial Coal Mandalong submission for the modifications for Mandalong Southern Extension Project.

Roads and Maritime understands the modification to the annual production with an increase of the maximum annual production from 6 to 6.5 million tonnes per annum. No modifications are being sort for the road network or project area.

Roads and Maritime Response

Roads and Maritime have reviewed Statement of Environmental Effects dated September 2016 by Centennial Coal Company Limited. Roads and Maritime has not objections to the modifications as it has no significant impact of the State Road Network.

On the Minister's determination of this matter, it would be appreciated if a copy of the Project Approval is forwarded to Roads and Maritime for our records.

If you require further advice please contact Hunter Land Use on (02) 4924 0688.

Regards
