Dear Sir/Madam

Netball Central - Electrical Supply

Arup have been in contact with Ausgrid regarding a new electrical to the new Netball Central development at Sydney Olympic Park (site 107). Ausgrid has advised that to accommodate the estimated load, a new substation will be required.

Works will involve alterations and additions to the existing Ausgrid 11kV network and the addition of a new Ausgrid substation. For further details, please refer to the attached letter from Ausgrid.

Yours faithfully

Edward Caine
