

‘ATTENTION: DIRECTOR, METROPOLITAN AND REGIONAL PROJECT NORTH’

APPLICATION NAME: **BLACKTOWN HOSPITAL, BLACKTOWN CAMPUS STAGE 1 EXPANSION**

APPLICATION NO: **SSD 5263**

Name: Hossain Ebadi & Rowena De Carvalho

We are writing this letter to object to the proposal for the application SSD 5263.

The reason we object to this proposal is as follows;

1. Security is the main issue, people using the car park can access our property
2. Privacy is another issue as anyone can look into the backyard once this project is completed and can see if there is anyone at home. This creates a security risk.
3. The noise factor is another issue, noise from the cars will travel straight into our home

The above concerns are very important to our family and the way we think the above concerns will be resolved is request the following;

- A minimum of 6 feet high (182cm) a cream color aluminum fence erected to resolve the security, privacy and the noise factor.

We will no longer have any concerns if this fence is erected.

could you please confirm that this fence will be erected by the health infrastructure, NSW Health and also confirm that there will be no cost to us as owners of [REDACTED]

Regards,

Hossain Ebadi & Rowena De Carvalho

Peter McManus - Blacktown-Mt Druitt Hospital expansion

Subject: Blacktown-Mt Druitt Hospital expansion

Hi,

I was recently looking over the [site](#). There isn't that much specific information available yet but I just wanted to highlight a major gripe from all the staff I've talked to (and myself). Please make sure there is more staff parking.

At present at Blacktown Hospital, staff must often hover, waiting for someone to leave before they can park their car, especially on afternoon shift.

I work at Cumberland Campus but often have to travel to Blacktown Hospital to provide training for staff. Because of the lack of parking, I can only go there on Fridays which are sometimes low activity days. I'm sure staff would be pleased to know this was included in future planning.

regards, Brian
