

# State Significant Development Application

Office use only - Date received: 23/05/13 Reference no: SSD 12\_5579

This application form is required to apply for the consent of the Minister to carry out State significant development under Part 4 of the Environmental Planning & Assessment Act 1979.

You should not lodge this form unless you have previously submitted a Request for Director General's Requirements and been provided with Director General's Requirements.

You must submit this form together with the development application fee and an Environmental Impact Statement:

In person at: Information Centre Department of Planning & Infrastructure 23-33 Bridge Street, Sydney By mail to: Executive Director, Major Projects Assessment Department of Planning & Infrastructure GPO Box 39, Sydney NSW 2000

To complete the form, please place a cross in the boxes [] and fill out the white sections.

This form must contain all relevant information required under Schedule 1 of the *Environmental Planning and Assessment Regulation 2000*, otherwise it may be rejected. Your application will also not be processed unless the fee is paid in full. The applicable fee should be confirmed with the Department prior to lodgement.

If your application is rejected, you will be advised within 14 days of lodgement. If the application and EIS are accepted, you will be contacted regarding exhibition arrangements. You may also be asked to submit further information on the application or EIS prior to exhibition.

Persons lodging applications are required to declare reportable political donations (including donations of \$1,000 or more) made in the previous two years. For more details, go to www.planning.nsw.gov.au/donations.

SEE ATTACHED (Int	cornation as	vailable in EIS)		
Note: You can find the lot, section, DP or strata number on a map of the land or on the title documents for the land, if title was provided after 30 October 1983. If you have documents older than this, you will need to contact the Land & Property Management Authority for updated details.  OR: detailed description of land attached:				
3. Describe what you propose to do				
Briefly describe your proposal				
UPGRADE EXISTING COAL H	HANDLING	FACILITY AND		
CONSTRUCT A NEW HAUL	ROAD			
What is the capital investment value of the development	?	\$132,170,909 90		
If the development is State significant because it meets the capital investment value (CIV) criteria in a class of Schedule 1 or 2 of State Environmental Planning Policy (State and Regional Development) 2011, the supporting document must include a quantity surveyor's report confirming the CIV of the development.				
4. Staged development	NOTE N			
You can apply for development consent for only par a later stage.	t of your proposa	al now, and for the remaining part(s) at		
Are you applying for development consent in stages?				
Yes □> Please attach				
information which describes	the stages of you	ur development		
<ul> <li>a copy of any consents you</li> </ul>	already have for p	part of your development.		
No 🗶				
5. Critical habitat and threatened spec	cies			
Is the land, or part of the land, critical habitat?				
Yes No X Is the development likely to significantly affect threatened species, populations or ecological communities, or				
their habitats?				
Yes ☐ No 🗷 >				
Is the development biodiversity compliant? (refer to Schedule 1, Part 1(2) of the Environmental Planning and Assessment Regulation 2000)				
Yes ☐ > Why is the development biodiversity	compliant?			

6. Other approvals			
Would the development, but for section 89J of the EP&A Act, require any of the following (select all that apply)?			
concurrence under Part 3 of the Coastal Protection Act 1979 of the Minister administering that Part of that Act			
a permit under section 201, 205 or 219 of the Fisheries Management Act 1994			
an approval under Part 4, or an excavation perm	•		
☑ an Aboriginal heritage impact permit under sect			
Act) to clear native vegetation or State protected	an authorisation referred to in section 12 of the <i>Native Vegetation Act 2003</i> (or under any Act repealed by that Act) to clear native vegetation or State protected land		
a bush fire safety authority under section 100B			
approval under section 91 of the water Manage	a water use approval under section 89, a water management work approval under section 90 or an activity approval under section 91 of the water Management Act 2000		
Do you require any of the following approvals in	order to carry out the development (select all that apply)?		
an aquaculture permit under section 144 of the	Fisheries Management Act 1994		
an approval under section 15 of the Mine Subsi	dence Compensation Act 1961		
a mining lease under the Mining Act 1992			
a petroleum production lease under the Petrole	um (Onshore) Act 1991		
an environment protection licence under Chapter 3 of the <i>Protection of the Environment Operations Act 1997</i> (for any of the purposes referred to in section 43 of that Act)			
a consent under section 138 of the Roads Act 1	993		
a licence under the Pipelines Act 1967			
an aquifer interference approval under the Water Management Act 2000			
Consultation and concurrence			
	A) of the EP&A Act have required a concurrence under Section		
79B of the Act, including a concurrence under the	he Threatened Species Conservation Act 1995?

## 10. Accompanying documents (to be included as part of EIS)

Wh <i>Pla</i>	ich of the following documents (as required under Clause 2 of Part 1 of Schedule 1 of the <i>Environmental nning and Assessment Regulation</i> 2000) have been included in the EIS (select all that apply)?
X	a site plan of the land.
	a sketch of the development.
	an A4 plan of the building that indicates its height and external configuration, as erected, in relation to its site.
X	an environmental impact statement.
	preliminary engineering drawings of the subdivision work to be carried out (if any).
	documentary evidence that any arrangements required by an environmental planning instrument to have been made before development consent may be granted have been made.
lf ti	ne development involves a change of use of a building (other than a dwelling house or a building or ucture that is ancillary to a dwelling house and other than a temporary structure):
	a list of the Category 1 fire safety provisions that currently apply to the existing building
	a list of the Category 1 fire safety provisions that are to apply to the building.
lf ti	ne development involves building work to alter, expand or rebuild an existing building
	a scaled plan of the existing building.
if ti cor	ne land is within a wilderness area and is the subject of a wilderness protection agreement or servation agreement within the meaning of the <i>Wilderness Act 1987</i> :
	a copy of the consent of the Minister for the Environment to the carrying out of the development.
	ne development is development to which clause 2A of Schedule 1 of the <i>Environmental Planning and</i> sessment Regulation 2000 applies:
	a BASIX certificate(s) Issued no earlier than 3 months before the application is made.
	such other documents as any BASIX certificate for the development requires to accompany the application.
	ne development is BASIX optional development and the development application is accompanied by a SIX certificate(s):
	such other documents as any BASIX certificate for the development requires to accompany the application.
If ti	he development involves the erection of a temporary structure:
	documentation that specifies the live and dead loads the temporary structure is designed to meet.
	a list of any proposed fire safety measures to be provided in connection with the use of the temporary structure.
	in the case of a temporary structure proposed to be used as an entertainment venue, a statement as to how the performance requirements of Part B1 and NSW Part H102 of Volume One of the <i>Building Code of Australia</i> are to be complied with (if an alternative solution, to meet the performance requirements, is to be used).
	documentation describing any accredited building product of system sought to be relied on for the purposes of section 79C(4) of the Environmental Planning and Assessment Act 1979.
	copies of any compliance certificates to be relied on.
	he development involves the use of a building as an entertainment venue or a function centre, pub, pistered club or restaurant:
	a statement that specifies the maximum number of persons proposed to occupy, at any one time, that part of the building to which the use applies.
De	he development is residential flat development to which State Environmental Planning Policy No. 65 – sign Quality of Residential Flat Development applies:
	an explanation of the design in terms of the design quality principles set out in Part 2 of State Environmental Planning Policy No. 65 – Design Quality of Residential Flat Development.
	drawings of the proposed development in the context of surrounding development, including the streetscape.
	development compliance with building heights, building height planes, setbacks and building envelope controls (if applicable) marked on plans, sections and elevations.
	drawings of the proposed landscape area, including species selected and materials to be used, presented in the context of the proposed building or buildings and the surrounding development and is context.
	details of the existing and likely future contexts, if the built form of the surrounding area is changing.
	photomontages of the proposed development in the context of surrounding development.
	a sample board of the proposed materials and colours of the façade.
	detailed sections of proposed facades.
	a model that includes the context, if appropriate.

E) Common/ Site Wide	\$ 9,488,794.00	CAPITAL INVESTMENT VALUE (GST EXCL.)	\$ 132,170,909.90
Subtotal	\$ 71,921,049.00		

#### Note:

- Capital Investment Value above was based on a detailed cost plan which has been prepared for the CSW estimate with a view to achieving an estimate within +/- 15% accuracy for the scope as defined in the Stage 1 report. Any significant changes in scope, due to changes in Client requirements, or changes to assumed parameters that result from site investigation results etc, will potentially result in cost changes outside of the +/- 15% range.
- The following areas are subject to confirmation in the next phase of design, and may result in significant scope changes and hence changes outside of the +/- 15% estimate.
  - The site investigation activities such as geotechnical investigation and hydrology studies have not been performed,
  - The coal washability data has not yet been finalised, and with it the input coal quality envelope for the CPP has yet to be finalised.

#### I certify that I have:

- Inspected the plans, the subject of the application for the development consent or construction certificate.
- Calculated the development costs in accordance with the definition of the development costs in clause 25J
  of the Environmental Planning and Assessment Regulation 2000 at current prices.
