

30 November 2020

Jennifer Rowe
Senior Compliance Officer
Department of Planning, Industry and Environment
Level 2, 84 Crown Street
Wollongong NSW 2500

Dear Jennifer

**SSD 5594 Springvale Mine LW424 – 427 Water Management Plan –
Trigger Notification**

In accordance with the Water Management Plan for LW424 - 427, prepared as per Schedule 3, Condition 10(h)(iii) of SSD_5594, Springvale Coal Pty Ltd (Springvale) hereby notifies the Department of a piezometric head change in accordance with the Water Management Plan Trigger Action Response Plan (TARP).

Vibrating wire piezometer sites SPR38 and SPR1302 are monitoring locations specified in the Water Management Plan. Springvale has followed the TARP process of the Swamp Monitoring Program as required under the Water Management Plan TARP.

Jacobs provided notification of the trigger at SPR38 and SPR1302 in the attached memorandum to Springvale dated the 27th of November 2020. An investigation report will be provided within 8 weeks as required under Chart 3 of the Swamp Monitoring Program for Longwall 424-427.

The Department of Agriculture, Water and Environment has been notified of the trigger in accordance with EPBC 2013/6881.

If you require any further information in regard to the above please contact me on my mobile, 0407 207 530 or email james.wearne@centennialcoal.com.au.

Yours sincerely

James Wearne
Group Approvals Manager
