Dear Jennifer

SSD 5594 Springvale Mine
LW 424 – 427 Extraction Plan Trigger Notification

In accordance with the Longwall 424-427 Extraction Plan, prepared as per Schedule 3, Condition 10(h) of SSD_5594, Springvale Coal Pty Ltd (Springvale) hereby notifies the Department of a groundwater level trigger.

Shallow aquifer piezometer site SPR1301 is a monitoring location in both the Longwall 424-427 Swamp Monitoring Program and the Water Management Plan. Springvale is following the TARP process of the Swamp Monitoring Program which is also referenced in the Water Management Plan.

Jacobs provided notification of the trigger at SPR1301 in the attached memorandum to Springvale dated 13 May 2021. An investigation report will be provided within 8 weeks as required under Chart 3 of the Swamp Monitoring Program for Longwall 424-427.

The Department of Agriculture, Water and Environment has been notified of the trigger in accordance with EPBC 2013/6881.

If you require any further information in regard to the above please contact me on (02) 4935 8944 or email james.wearne@centennialcoal.com.au.

Yours sincerely

James Wearne
Group Manager Approvals & Environment
