Dear Mr Hartcher

**Remediation, Land Forming Works, and General Excavation Works, Barangaroo  
South (SSD 5897 MOD 1)  
Comment on the Environmental Impact Statement**

I refer to your email of 29 November 2016 to the Department of Primary Industries (DPI) in respect to the above matter. Comment has been sought from relevant divisions of DPI. Views were also sought from NSW Department of Industry - Lands that are now a division of the broader Department and no longer within NSW DPI. Any further referrals to DPI can be sent by email to [landuse.enquiries@dpi.nsw.gov.au](mailto:landuse.enquiries@dpi.nsw.gov.au).

DPI has reviewed the application and Environmental Impact Statement and advises that the proponent should note the potential that proposed works may alter permeability and the resultant reduction in groundwater flow may lead to changes in groundwater mounding, which the proponent should remain aware of during the carrying out of the project.

DPI has no further comments at this time.

Yours sincerely

Mitchell Isaacs
