Subject: Brandy Hill Quarry - Proposed Expansion
Date: Thursday, 6 December 2018 6:07:51 PM

Good Afternoon Gen

I thought I would send you this email to advise you of a recent contact I received in relation to the Proposed Brandy Hill Quarry.

I received a message from a total stranger who currently lives in Sydney and is considering relocating to our beautiful rural area of Brandy Hill. They have already viewed properties and were coming back this weekend for second inspections. However, on doing his due diligence of the area, he became aware of the proposed expansion and wanted to talk "a local" about it. He and his wife are now seriously reconsidering their plans. I advised him that in my view the current level of operations was acceptable and I strongly believe the proposal in it's current form can't possibly be approved, especially the excessive truck movements and 24/7 operations - but who really knows!

So, already the value of our properties and the enticement of our area is being negatively impacted - I can only imagine how much worse this will get IF this proposal goes ahead in it's current form :-(

I would be grateful if the above information be included in the "Post-RTS Submissions".

Thanks and Regards
