## **Prince of Wales Hospital Nelune Comprehensive Cancer Centre and Australian Advanced Treatment Centre Stage 2 Director Generals Requirements (DGR) Condition 9 Outdoor Lighting**

In response to the Stage 2 DGR Condition 9, we confirm that the design of all new outdoor lighting for the Prince of Wales Hospital Nelune Comprehensive Cancer Centre and Australian Advanced Treatment Centre project will comply the following lighting standards:

- AS/NSZ1158.3.1:2005 – Pedestrian area (Category P) lighting – Performance and design requirements.
- AS4282:1997 – Control of the obtrusive effects of outdoor lighting.

We trust that the above details are sufficient for your present purposes.

Regards,

**NORMAN DISNEY & YOUNG**
