Dear May

Review of Secretary's Environmental Impact Statement – Sutton Forest Quarry

I refer to your email dated 23 May 2018 seeking the review and comments of the Environmental Impact Statement (EIS) prepared for the Sutton Forest Quarry Project in accordance with the *Environmental Planning and Assessment Act 1979*.

The NSW Rural Fire Service has reviewed the submitted EIS and raises no objections. It is noted plant and equipment on the site should be protected from the potential bush fire risk and that consideration should also be given to the risk of activities occurring on the site becoming a potential ignition point for fire escaping from the site.

Should you require any further information, please contact Deborah Dawson, Development Assessment and Planning Officer, on 02 4472 0600.

Yours sincerely
