Dear Steve

Bylong Coal Project - Mine Revisions

Thank you for the opportunity for the Office of Environment and Heritage (OEH) to comment on the "Bylong Coal Project Supplementary Information" report for the proposed mine revisions for the Bylong Coal Project.

OEH welcomes the reduction of impact to both biodiversity and Aboriginal heritage sites from the proposed modifications, and notes that there is no change proposed to the original Biodiversity Offset Strategy. Please note that if subsequent information indicates that any areas within the OEH's responsibility require further investigation, OEH may provide future input.

Yours sincerely

TOM CELEBREZZE
Director Regional Operations
North West
