Hi Ashley,

I refer to your email below and Cameron Sargent's letter dated 19 May 2017, requesting the EPA's comments on a modification application for Building R1, Barangaroo South – Retail Development (SSD 6513 MOD 1).

Based on the information provided, the modification does not constitute a scheduled activity under schedule 1 of the *Protection of the Environment Operations Act 1997* (POEO Act) and will not require an Environment Protection Licence under the POEO Act. The EPA understands that the proposed modification will have no impact on the contamination present at Barangaroo, and will not impact on remediation works being undertaken at Barangaroo.

The EPA has no comment on the modification application.

Please call me if you have any questions.

Kind regards,

Mark
