Re: SSD 6554 State Significant Development Application for a Mixed Use Building on Block 1 and Modification to Approved Commercial Development on Blocks 1 & 4N at Central Park, Chippendale.

Dear Mr Lusher,

Thank you for your letter notifying Sydney Water of the proposed development referenced above. Please refer back to our letter dated the 7th October 2014, as we provide the same comments.

Water

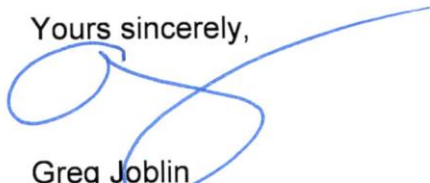

- The existing water system has adequate capacity to service the proposed development. Potable water supply to the development will be managed by a provider licenced by IPART under the Water Infrastructure Competition Act (WICA).
- The site is within the approved boundaries of Central Park, and the Central Park development has an approved connection in Broadway that has been sized for the entire precinct.

Waste Water

- The existing wastewater system has adequate capacity to service the proposed development. Wastewater services to the site will be managed by a provider licenced by IPART under the Water Infrastructure Competition Act (WICA)
- The site is within the approved boundaries of Central Park, and the Central Park development has an approved connection in Broadway that has been sized for the entire precinct.

If you require any further information, please contact Hannah Gilvear of the Urban Growth Branch on 02 8849 5296 or e-mail hannah.gilvear@sydneywater.com.au

Yours sincerely,

A handwritten signature in blue ink, appearing to read "Greg Joblin".

Greg Joblin

Sydney Water Servicing

A Section 73 Compliance Certificate under the Sydney Water Act 1994 must be obtained from Sydney Water.

Make an early application for the certificate, as there may be water and wastewater pipes to be built that can take some time. This can also impact on other services and buildings, driveways or landscape designs.

Applications must be made through an authorised Water Servicing Coordinator. For help either visit www.sydneywater.com.au > Plumbing, building and developing > Developing > Land development or telephone 13 20 92.
