UNION FENOSA

WIND AUSTRALIA

Date _____ Time _____

Dear Resident,

I visited your house today to talk about the proposed Paling Yards Wind Farm. Sorry I missed you. I will be in the area until the afternoon of Wednesday 1st of June 2011, so if you would like to call me on the number written under my name below, we can organise a more suitable time.

If this is not possible, and you have any questions or you would like to discuss any aspect of the proposed wind farm, you can call our free call number during business hours (1800 457 181) or visit http://www.unionfenosa.com.au/project_py.htm

The purpose of the door knock is to answer questions and gather information from nearby residents so as to better understand the concerns of the members in the community in regards to the proposed wind farm project and to be able to provide more information to our consultants for the preparation of the planning application.

Thank you for your time, and, once again, I'm sorry I missed you.

Kind Regards,

Name _____
