NOTES

1. Figured dimensions are to be taken in preference to scaled. All dimensions should be checked by the contractors, and any discrepancies should be referred to the project manager before the work commences on site. Do not scale drawing.
2. All 'l.b.c.' dimension to be confirmed by the contractor as correct to the Project Manager. All 'EX' dimension to match existing.
3. All works to be prepared as shop drawings by the contractor for approval by the project manager before the works commence on site.
4. All works by contractor unless otherwise noted.
