

SSD2 Application

Introduction & Notes

This application form is required to apply for the consent of the Minister to carry out State Significant Development under Part 4 of the *Environmental Planning & Assessment Act 1979*.

You should not lodge this form unless you have previously submitted a request for Director General's Requirements and been provided with Director General's Requirements.

This form must contain all relevant information required under Schedule 1 of the *Environmental Planning and Assessment Regulation 2000*, otherwise it may be rejected.

If your application is rejected, you will be advised within 14 days of lodgement. If the application and EIS are accepted, you will be contacted regarding the exhibition arrangements. You may also be asked to submit further information on the application or EIS prior to exhibition.

Persons lodging applications are required to declare reportable political donations (including donations of \$1,000 or more) made in the previous two years. For more details, go to www.planning.nsw.gov.au/Assess-and-Regulate/Development-Assessment/Systems/Donations-and-Gift-Disclosure.

Title: SSD Application for Hume Coal Project

State Significance: Clause 5: Mining

Description: The Hume Coal Project is a proposed underground coal mine and associated infrastructure west of Moss Vale in the NSW Southern Coalfields. Around 50 million tonnes (up to 3.5 million tonnes per annum) of run-of-mine coal will be extracted from the Wongawilli Seam over the 23-year project life via a first workings mining system, producing both metallurgical and thermal coal. Product coal will be transported by rail, mainly to Port Kembla for export. Rail works, including construction and use of a new rail loop and rail line, form a separate development application (the Berrima Rail Project).
