Subject: RE: Wetherill Park resource Recovery Facility SSD7267

Hi Susan, Kelly

Council's Environmental Management Branch (EMB) have reviewed the further response to submissions prepared by SUEZ for the above project.

EMB are satisfied with the response provided subject to the following;

Reference is made to the attached response from SUEZ regarding Wetherill Park resource recovery facility SSD7267 and issues raised by EMS.

Any proposed bunding is to be in accordance with the following relevant Australian Standards:

- *Australian Standard AS 1940B1993: The Storage and Handling of Flammable and Combustible LIQUIDS*
- *Australian Standard AS 4452B1997: The Storage and Handling of Toxic Substances*
- *the Dangerous Goods Act 1975*
- and taking into consideration the Net capacity of the bund AS 1940-1993 5.9.2, AS 3780-1994 5.7.2, AS 4452-1997

Council also accepts the advice provided by SUEZ in relation to flooding issues and has no further comments in relation to this stage of the proposal.

regards

Andrew Mooney

Importance: High

Good morning Andrew,

Please find attached SUEZ updated RTS for the Wetherill Park RRF. Please provide comments no later than **Friday, 20 January 2017**.

As you may be aware the NSW Government Sector not involved in the delivery of front-line services is required to shut down between the **24 December 2016 to 6 January 2017**. I will be on leave from **24 Dec 2016 to 7 Feb 2017**. Kelly McNicol my Team Leader will be in the office from the **9 January 2017**, if you need to discuss the RTS please do not hesitate to contact him on 9274 6236 or Kelly.McNicol@planning.nsw.gov.au.

Have a good Xmas and New Year break.

Regards

Susan Fox
