APPENDIX 1 RECORDS OF COMMISSION MEETINGS

Notes of meeting with City of Sydney Council

Meeting note taken by David Koppers Date 23 June 2017 Time: 12:30pm Project: Australian Technology Park – MOD 1 Meeting place: Planning Assessment Commission (PAC Office) Attendees: Commission Members: Stephen O'Connor (Chair) and Abigail Goldberg Commission Secretariat: David Koppers City of Sydney Council: Chris Corradi The purpose of the meeting: For the Council to discuss their position on the Project with the Commission. Meeting notes: The Council discussed the following matters: - - Council suggests that it should reasonably be the approval body for Condition 53. This would prevent the Department from unintentionally making any errors in the approval of the public domain works which migh prevent Council accepting dedication of the land; - Council vould be satisfied that the plan be approved prior to the first construction certificate for building façade work; - Council believes that the Construction Certificate for public domain works should be requested early in the process to avoid potential issues such as level inconsistencies between buildings and public domain which may frustrate Disability Discrimination Act compliance; - Bonding of works is meaningless as Council cannot legally access private land to action outstanding works without the agreement of the land owner; - The Voluntary Planning Agreement (VPA) is only 1-2 weeks away from being agreed to by Council so it can be placed on public exhibition. Council is generally happy with its currr	This meeting is part of the Determination process
