Subject: RE: Redevelopment of the IMAX Theatre, Darling Harbour (SSD 7388)
Date: Wednesday, 2 March 2016 4:57:23 PM

Hi Simon.

Natural Gas is available in the vicinity and may be able to supply this proposal.

Our policy is to supply all developments wherever possible, depending upon economic viability.

In consideration of our shareholders' interests and under NSW regulation, Jemena Gas Networks (NSW) Ltd is required to ensure that any connection to the natural gas distribution system is commercially viable and therefore must assess each request for supply on an individual basis.

Upon the provision of the final layout and load configurations for the development a full economic evaluation can be undertaken to determine the availability of natural gas to the site.

A contribution may be required to assist in the economic viability of the proposal.

To assist in the planning of supply to the development

- To enable a thorough assessment and economic evaluation to be undertaken we would require an accurate breakdown of the total yield envisaged for the site and hydraulic plans, including metering configuration once all approvals and zonings are in place as well as location of meter required.

Regards,

Philip Glasscock

Hi Phillip,

Can you please advise on the status of the below request for comments?

I note comments were due yesterday 29 February.

Regards

Simon Truong

Dear Mr Glasscock

Please find attached a letter to Jemena Gas requesting comments on the above State significant development application. The application, including the Environmental Impact Statement (EIS), will be on public exhibition from **Thursday 28 January 2016** to **Monday 29 February 2016**. I also attach a copy of the advert for your information.

The documents are available to view on the Department's website at

http://majorprojects.planning.nsw.gov.au/index.pl?action=view_job&job_id=7388.

The letter and a CD (that includes all associated documents) has also been sent via post.

Please send any comments to me via email, and feel free to contact me should you have any questions.

Kind Regards

Brendon Roberts
