SSD 7388 MOD 4 – 31 Wheat Road, Sydney

We wish to oppose the above MOD which seeks to extend construction hours from 7.00am – 7.00pm weekdays and 7.00am to 5.00pm Saturdays to 6.00 am – 12 midnight Mondays to Saturdays.

Residents adjoining Darling Harbour have suffered years of construction noise from the ICC and Darling Square developments but even that developer did not impose such extended hours of noise during building. It is totally unreasonable to foist these extended hours on residents for an unspecified period.

The hours should remain as originally approved in Condition D1 of the development consent.

Yours sincerely,

Elizabeth Elenius, Convenor
