## Australia Habitat and Taronga Wildlife Retreat (SSD 7419)

Client: Taronga Conservation Society Australia
Project: Australia Habitat & Wildlife Retreat Proposal

Date: 15 September 2016

Note: Response to Attachment A - Landscaping and trees Planting Information

t +61 3 9844 5422

e sgreen@greenanddale.com.au

w www.greenanddale.com.au

Proposed Vegetation is based on a number of trees existing on site which are indigenous to the Sydney Sandstone Gully vegetation of Mosman. Where possible these are to be retained and protected during construction works to ensure an established, authentic local landscape exists from the opening day of the Australia Habitat and Taronga Wildlife Retreat. Reference Green & Dale Associates Australia Habitat & Wildlife Retreat - Environmental Impact Statement Concept Report dated February 2016.

xisting Trees to be Removed (39 high category trees and 38 low category trees) xisting trees to be Retained (72 high category trees and 70 low category trees) 142 roposed Tree with Planting 3.0m ht 70 roposed Trees Super Advanced Koala Trees 4.0m+ ht 10  TOTAL Proposed Trees: 80  RETREAT Site (incl.
