Attention: Mr Nicholas Hall

7 November 2017

Dear Mr Ritchie

**Smeaton Grange Resource Recovery Facility – SSD 7424
Response to Submissions – Noise Impacts**

I refer to the emails from Mr Nicholas Hall of the Department of Planning and Environment (DPE) to the Environment Protection Authority (EPA) dated 18 October 2017 and 23 October 2017 regarding noise for the above proposal.

The EPA has considered DPE's comments and information provided and agrees that a project specific noise level of 40 dB(A) can be justified. Furthermore, the EPA does not consider it necessary for the Proponent to recalculate the rating background levels.

If you have any questions about this matter, please contact Nick Feneley on 4224 4144.

Yours sincerely
