**Subject:** Action Required: Minto Resource Recovery Facility (SSD) 7462 application - RTS

Good afternoon all,

I refer to the Minto Resource Recovery Facility State significant development (SSD) 7462 application. Thank you for taking the time to provide your comments on the original Environmental Impact Statement.

The Applicant has submitted a Response to Submissions (RTS) and amended the proposal to address the concerns raised in the submissions. The Application has been amended with notable changes including:

- Enclosing the operational area in a shed with a rood structure; and
- Adjustments to the internal infrastructure and operational layout.

You can view the RTS via the Department's Major Projects website:  
[http://majorprojects.planning.nsw.gov.au/index.pl?action=view\\_job&job\\_id=7462](http://majorprojects.planning.nsw.gov.au/index.pl?action=view_job&job_id=7462)

I would appreciate if you could provide your response to the RTS and any further comments by **cob Thursday, 1 February 2018**.

Please do not hesitate to contact me on the number below if you have any queries.

Regards,

**Chloe Dunlop**
