RE: Waste Response – Modification to SSD 7662 (Site 53, 2 Figtree Drive, Sydney Olympic Park)

Dear Brett,

Elephants Foot have reviewed the '*Modification to SSD 7662*' plans for Site 53, 2 Figtree Drive, Sydney Olympic Park, dated 1/5/2018, and can confirm that the reduction in the total number of apartments from 705 units to 698 units will not have any adverse impacts on the Waste Management Plan that was previously submitted for this development. No additional bins or equipment will be required.

Kind regards,

Jon Elliot
Waste Management Consultant
