**Re: Appointment of Nominated Heritage Architect (Design 5 Architecture) for the Box Office Accessibility Project**

To Whom it May Concern,

In accordance with Condition B3, B4 and B5 of:

- SSD7665 Development Consent 24 May 2017 for the safety, accessibility and venue enhancement works to the Joan Sutherland Theatre and entry foyer refurbishment works;
- SSD 7665 MOD 1 Development Consent 26 November 2018 for structural integrity works to the southern forecourt and covered concourse to allow for installation of an approved escalator; and
- SSD 7665 MOD 2 5 October 2021 for amendments to the entry foyer refurbishment works.

The Sydney Opera House Trust (SOHT) has appointed Design 5 Architects as the Heritage Architect for the duration of the project.

Design 5, amongst other responsibilities, shall;

- Inspect the demolition and removal of materials to ensure there is no unapproved removal of significant fabric or elements (condition B3 a)
- Provide ongoing advice to tradespeople undertaking the works throughout the construction period (condition B3 b)
- Provide ongoing advices to trades people undertaking the works, as required, throughout the construction period (condition B5)

On completion of the archival recording the document shall be submitted to the Heritage Council and the Department of Planning.

In addition to the SSD7665 Development Conditions, Design 5 will also provide consultancy services and advice relating to Section 60 Application HMS ID 452 and Section 65A Application HMS ID 444.

Regards

Ian Cashen  
Executive Director, Building, Safety & Security
