Subject: RE: Sunraysia Solar Farm Project (SSD 7680) - Exhibition

Hello Rose- Anne

Apologies for the late reply. For comment purposes only, TransGrid is currently in agreement with in Maoneng Australia, in understanding the special purpose vehicle/executing party for the project may be Sunraysia Solar Farm Two. Maoneng have approached TransGrid to initiate the connection process and develop the connection process that will lead to an a viable connection offer.

To date Maoneng Australia has been forthcoming with their requirements and both parties are maintain open and frequent communications to ensure a smooth a process as possible. The recommended conditions of approval will be in line with the current agreement TransGrid has with Maoneng Australia and will also be reflected in the connection offer.

Should further information be required please do not hesitate to contact me.

Thank you
Juan
