Subject MPW Stage 2 – Consolidated assessment clarification responses

This memo and its attachments consolidate all information provided to the Department of Planning and Environment (DP&E) for the assessment of the MPW Stage 2 Proposal (SSD 7709), after the submission of the Response to Submissions (RtS) documentation.

Table 1 provides a summary of all documentation issued to DP&E, the date of issue and which Attachment it is provided within.

It is acknowledged that in some cases, responses relating to the above, included requests for additional information relating to other projects within the Moorebank Precinct (such as the MPE Stage 2 Proposal). Unless otherwise included for the purpose of a cumulative assessment, this information is not relevant to the MPW Stage 2 Proposal, and should not be considered as part of this assessment nor is it considered relevant to the approval instrument (i.e. under SSD 7709).

Where there is any inconsistency between the documentation submitted, the more recent documentation would prevail to the extent of that inconsistency.

Table 1 Summary of documentation issued to DPE

Information	Approximate date issued to DP&E	Attachment
<i>Response to Submissions – DP&E, independent experts and Governments Architect Office</i>	31 July 2017	Attachment A
<i>Response to submissions and outstanding information – DP&E request (dated 28 August 2017)</i>	8 September 2017	Attachment B
<i>Response to Transport for NSW Submissions</i>	29 September 2017	Attachment C
