Dear Steve

**RE: Environmental Representative Review for Submission of MPW Stage 2,
Contamination Management Plan**

Thank you for providing the following document for Environmental Representative (ER) review prior to submission to the Secretary as required by Condition of Consent B164 of the Moorebank Precinct West (MPW) Stage 2 (SSD 7709) project:

- Contamination Management Plan, Version 10 of 22/07/20 (the CMP), as required by Condition B164 of the Conditions of Consent

As the ER for the Moorebank Precinct West Stage 2 project, I have reviewed and provided comment on the CMP. As required under CoC B164 (c), a Site Auditor has also been involved. I understand the Site Auditor will provide a separate statement considering suitability in the context of the site's ultimate intended land-use.

As the ER for the Moorebank Precinct West Stage 2 project, I have reviewed the CMP, and now consider it suitable for submission to the Secretary for approval, subject to the Site Auditor completing their review of the CMP.

Yours sincerely

Rui Henriques
Environmental Representative – MPW Stage 2
