- Waterfront bin
- Timber sitting terrace
- New waterfront tree grate (round)
- Concrete Seating (vehicle deterrent)
- City of Sydney vehical deterrent
- Sandstone Seating (vehicle deterrent)
FURNITURE PALETTE

The following images demonstrate the variety of furniture that is currently proposed for the public realm. The furniture has been selected partly as a continuation of the existing language and partly to re-enforce new characters. There are areas where planting and furniture has been combined to create moments and opportunities to sit and meet and to announce entries into the variety of different spaces.
The following diagrams illustrate the simple form of the proposed furniture and their respective locations.
FURNITURE TYPES

North Raised Planter Type A (With Backrest)

South Raised Planter Type A (With Backrest)
FURNITURE TYPES

- Timber Sitting Terrace
- Sandstone Sitting Terrace

DEVELOPMENT APPLICATION NOV 2017   REV-C
