RE: SSD8095 WALGETT SOLAR FARM

Dear Iwan,

Walgett Solar Pty Ltd (WSPL) wishes to modify the Walgett Solar Farm development approval in accordance with Clause 55 of the Environmental Planning and Assessment Regulation 2000.

A small portion of the development's proposed access track has been identified as Crown land. In response, WSPL intends to re-align the track to approximately 40m west of the original route and effectively avoid all Crown land.

In support of this modification, I have attached an updated biodiversity impact assessment and an updated heritage assessment for your review. The studies conclude that the modification would reduce the overall environmental impact of this project.

Yours sincerely,

ELYSE WISE
Project Manager
