Subject: Re: D/2016/1529, 1 Alfred Street, Sydney

Dear Chris

Thank you for your email from earlier today. DPI Water recommended in its submission of 2 March 2017 on the EIS for SSD-8111 that the information outlined in Points 1 and 2 be provided prior to approval. However, at Council's request for an urgent response, DPI Water proposes a deferred commencement and that prior to consent becoming active that the required outstanding information as outlined in our letter of 2 March 2017 must be provided to DPI Water and must be to the satisfaction of DPI Water.

kind regards from
Janne

Hi Janne,

D/2016/1529, 1 ALFRED STREET, SYDNEY

Thank you for the comments.

Could you please advise if the matters you are seeking to be addressed prior to approval could be dealt with via a deferred commencement condition?

Specifically, could you please advise if there is a risk that the information DPI Water is requesting could necessitate any changes to the design.

If you have any queries, please don't hesitate to contact me.

Best regards,

Chris
