

## O'Connell Place – A super active edge

### GENERAL

- A new urban space will be located on the eastern edge of the site – which will provide high quality public open space along O'Connell Street.
- There will be new integrated links to Parramatta Park.
- Designed to provide shaded public open space on non-event days then on event days it serves as an activated forecourt to the event.
- The park will become a new meeting place that will encourage engagement by all walks of life.

### PROJECT AND COMMUNITY ENQUIRIES

# The River Terraces – The Hill

## GENERAL

- A picturesque landscape of gently terracing turf and trees will roll down to the river and embrace the parkland's character, creating a large flexible green space for informal gatherings and events.

# The Bowl – The best live sport experience in Australia

## GENERAL

- The bowl will maximise event atmosphere by bringing the spectators as close to the field as possible, while providing the best viewing quality for a rectangular stadium.
- 30,000 seats closer to the action than ever seen before in Australia.

## THE BOWL

- 360 degree continuous bowl at the steepest permissible angle, enclosing the field with a wall of fans and sound.
- The family seating zone will be roughly twice the size of the existing southern family stand and will provide direct connections to the Kids Zone.
- Will provide 100% roof coverage to the seating rows with a special fabric to enhance acoustics and visual presence to further maximise spectator experience.

# The Bowl – The best live sport experience in Australia

## GENERAL

- The bowl maximises event atmosphere by bringing the spectators as close to the field as possible, while the public amenities and concourse will provide the best general seating experience in Australia.

## THE CONCOURSE AND AMENITIES

- A 360 degree open concourse will allow fans to stay connected with the game at all times.
- All general admission seats have amenities including food and drink and toilets within 30 metres.
- Open 'club' terraces have been created in the north east and south east corners providing a premium game day experience in the public areas.
- A public family BBQ terrace will be provided in the south west corner with views of the pitch, park and river with direct connections to the Kids Zone.
- Areas of the public concourse have been designed to allow for future pop-up food and beverage installations. Therefore the stadium can continually adapt to changing trends in food and hospitality.
- Wifi will be provided throughout the stadium.
