Modification Description

The modification request seeks to modify the consent to make an administrative amendment to reflect advice from the NSW Police Force regarding the sensitivity of the Emergency Response and Evacuation Plan (EREP) prepared for the Stadium. Venues NSW seeks to Delete Condition D4.d) and incorporate a new condition which requires the EREP to be prepared to the satisfaction of relevant emergency services.

How is the modification substantially the same as the original development?

Venues NSW submits that the modification application:

- is administrative in nature with no physical changes to the development or environmental implications;
- retains the primary function and purpose of the approved development; and
- subsequently warrants the use of section 4.55(1A) of the EP&A Act.
