

# ALEXANDRIA PARK COMMUNITY SCHOOL

## LANDSCAPE CONCEPT DESIGN

LANDSCAPE NARRATIVE

To create an attractive, functional and safe landscape that is inspired by the rich Indigenous and natural heritage of the site and its ancient landscape of dunes, Eastern Suburbs Banksia Scrub and waterways.

1.

# RE INTERPRETING THE CREEK

## 1) REINTERPRETING OF SHEA'S CREEK

- A) **Shea creek interpretation** - Celebrate the historical and cultural importance of Shea's creek.
- B) **Billabong/Gathering areas** - These areas will form multi-purpose gathering/outdoor learning opportunities
- C) **Playground area** - The playground area terminates the Shea creek interpretation and grounds it into the public domain

## 2.

## GREEN CONNECTIONS

## 2) GREEN CONNECTIONS

- A) Large existing trees
- B) Green spill out areas
- C) New street tree planting to strengthen & unify the existing tree network.
- D) New plantings to provide reinforcement of the green network and help to establish 'green fingers' which unify the existing and proposed tree plantings.

### 3.
