## **STATE SIGNIFICANT DEVELOPMENT SSD 8445 – REMEMBRANCE DRIVEWAY, TAHMOOR - TAHMOOR SOUTH COAL PROJECT – RESPONSE TO SUBMISSIONS**

---

Dear Nagindar

Transport for NSW (TfNSW, formerly Roads and Maritime Services) refers to your correspondence dated 4 March 2020 regarding the subject state significant development.

TfNSW has completed an assessment of the development, based on the information provided and focussing on the impact to the State road network. For this development, the key state road is the Hume Highway.

TfNSW refers to the Response to Submissions document submitted and notes Tahmoor Coal will consult with TfNSW as part of the Extraction Plan approval process in relation to subsidence impacts to any state road infrastructure including any required monitoring, mitigation and management measures. It is noted that this requirement has been incorporated into the revised Mitigation Measures for the Amended Project.

TfNSW is satisfied that this requirement corresponds with the condition included in TfNSW previous response (attached) dated 5 March 2019. On this basis, TfNSW does not object to the state significant development application.

If you have any questions please contact Rachel Carocci on 4221 2548.

Please ensure that any further email correspondence is sent to [development.southern@rms.nsw.gov.au](mailto:development.southern@rms.nsw.gov.au).

Yours faithfully

Chris Millet
